For Quilt Orders:

A quilt takes a couple of months to make (assume 8 weeks). Each garment will need to be blocked and most t-shirt material also needs to be fused to a light-weight interfacing in order to help it keep from puckering. I use a soft interfacing that does not make the fabric stiff, it just keeps it from being too stretchy. I use an accent color or two to tie the various shirt themes and colors together.

I can't provide a selection of shades but, please let me know what overall color you prefer: _____
